

SAFETY DATA SHEETS

This SDS packet was issued with item:

078947290

The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).

078914711 078914712 078914713 078914714

MATERIAL SAFETY DATA SHEET

Section 1: Chemical Product and Company Identification

Product Name: MELOXIDYL® Meloxicam (1.5 mg/mL) Oral Suspension for dogs

Intended Use: Non-Steroidal Anti-Inflammatory Drug (NSAID) for the control of pain and inflammation associated with osteoarthritis in dogs.

Emergency Spill, Leak, Fire Contact Information: CHEMTREC 1-800-424-9300

Manufactured for: Ceva Animal Health, LLC
8735 Rosehill Road
Lenexa, KS 66215

Section 2: Handling and Storage

Handling: Avoid contact with eyes, skin, and clothing. Do not taste or swallow. Wash hands thoroughly with soap and water after handling.

Storage: Keep in original container, and store at 20°-25°C (68°-77°F). Do not freeze. Keep out of reach of children. Keep away from food and drink. Store away from incompatible materials (see Section 9). Store out of direct sunlight to protect product integrity. Shake well before using.

Fire and Explosion Protection: Not flammable.

Section 3: Hazards Identification

WARNING!

Not for human use.
For oral use in dogs only.

Physical State: Liquid (viscous suspension) 1.5 mg/mL

Color: Pale Yellow

Precautionary Statements:

- Avoid contact with eyes, skin, and clothing.
- Wash thoroughly with soap and water after handling.
- Keep only in original container, and store at 20°-25°C (68°-77°F).
- Keep out of reach of children.
- Keep away from food and drink.
- Read label before use.

Potential Health Effects:

- **Inhalation:** Under conditions of intended use, this material is not expected to be an inhalation hazard.
- **Eye Contact:** May cause eye irritation. Exposure may cause redness, tearing, or discomfort.
- **Skin Contact:** May cause skin irritation. Exposure may cause allergic or sensitivity reaction in some individuals.
- **Ingestion:** No harmful effects expected in amounts likely to be ingested by accident.

Section 4: First Aid Measures

General: Animals or persons developing anaphylactic (life-threatening) reactions, such as difficulty breathing or unconsciousness, must receive immediate medical attention.

- **Inhalation:** Move to fresh air. Treat symptomatically. Get medical attention if symptoms persist.
- **Eye Contact:** Immediately flush with water for 15 minutes. If easy to do, remove contact lenses. Get medical attention.
- **Skin Contact:** In case of contact, wash skin with soap and water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash contaminated clothing before reuse.
- **Ingestion:** Call a physician or poison control center for treatment advice. Only induce vomiting at the instruction of medical personnel. Never give anything by mouth to an unconscious person.

Section 5: Fire-Fighting Measures

Extinguishing Media: Use carbon dioxide, dry chemicals, water spray, foam or materials appropriate for the surrounding fire.

Unsuitable Extinguishing Media: None known

Special Fire-Fighting Procedures: Wear self-contained breathing apparatus and protective clothing.

Unusual Fire and Explosion Hazards: None known

Hazardous Combustion Products: Carbon oxides, nitrogen oxides, and sulfur oxides

Flammability Class: 0

Section 6: Accidental Release Measures:

Personal Protection: Wear protective gloves and eye protection.

Spill Cleanup Methods:

- Small liquid spill: Use an absorbent to soak up the product and place into container for later disposal.
- Large liquid spill: Absorb or cover with dry earth, sand, or other material and transfer to containers.

Environmental Precautions: Flush spill area with water spray. Prevent runoff from entering drains, sewers, or streams. Dike spill for later disposal.

Section 7: Composition/Ingredient Information

Chemical Name	CAS- No.	Concentration
Meloxicam	71125-38-7	1.5 mg/mL

OSHA Regulatory Status: Nonhazardous, exempt

Section 8: Physical and Chemical Properties

Color: Pale Yellow	pH: 3.5 – 4.5 (acidic)
Physical State: Liquid (viscous suspension) 1.5 mg/mL	Melting Point: No data available
Freezing Point: No data available	Boiling Point: No data available
Flash Point: > 93.3°C (> 200°F)	Specific Gravity: 1.71
Vapor Pressure: No data available	Vapor Density: No data available
Evaporation Rate: No data available	Solubility in water: Insoluble

Section 9: Stability and Reactivity

Stability: Stable
Conditions to Avoid: Excessive heat or freezing
Incompatible Materials: Strong oxidizing agents
Hazardous Decomposition Products: None known
Possibility of Hazardous Reactions: Hazardous polymerization will not occur.

Section 10: Toxicological Information

Toxicity data for one or more components of this product are contained in individual material safety data sheets which are available upon request.
This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

Section 11: Ecological Information

There is no data on the ecotoxicity of this product.

Section 12: Disposal Considerations:

General: Dispose of waste and residues in accordance with local, state, and federal regulations.
Disposal Method: No specific disposal method required. Do not empty into drains. Store and dispose of this material and its container in a safe manner which will not contaminate water, food, or animal feed.
Container: Since emptied containers retain product residue, follow label warnings even after container is emptied.

Section 13: Transport Information

DOT: Not regulated	TDG: Not regulated
ADR: Not regulated	RID: Not regulated
IATA: Not regulated	IMDG: Not regulated

Section 14: Regulatory Information

Canadian Controlled Products Regulations: This product has been classified according to the hazard criteria of the Canadian Controlled Products Regulations, Section 33, and the MSDS contains all required information.

WHMIS Classification: Non-controlled, exempt

US Federal Regulations:

Federal Law restricts this drug to use by or on the order of a licensed veterinarian.

Inventory Status: This material is **not** listed on the US TSCA Inventory. Therefore, it can only be used for TSCA exempt purposes such as R&D or veterinary use.

This material is **not** listed on the DSL Inventory.

OSHA Regulatory Status: Non-hazardous (exempt)

Section 15: Exposure Controls/Personal Protection

Engineering Controls: Good ventilation should be used (typically 10 air changes per hour). Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels to an acceptable condition.

Respiratory Protection: If engineering controls do not maintain airborne concentrations below an acceptable level, an approved respirator must be worn. In the USA, if respirators are used, a program should be instituted to assure compliance with OSHA standard 63 FR 1152, January 8, 1998. Respirator type: NIOSH approved organic vapor respirator.

Personal Protective Equipment:

Not generally required when handling containers. If containers are compromised or exposure to the mixture is likely, then wear the following:

- **Eye Protection:** Wear safety glasses with side shields or goggles.
- **Hand Protection:** Wear suitable gloves.
- **Skin Protection:** Wear lab coat, apron, or appropriate clothing to prevent skin contact.

Hygiene Measures: Eye bath, washing facilities, safety shower
