Symptoms of Skin Contact: No effects of exposure expected.

Symptoms of Eye Contact: No effects of exposures expected in normal use.

Emergency First Aid Procedures:

First Aid for Ingestion: General precautionary measures suggest giving several glasses of water. Do not give anything to an unconscious or convulsing person. In case of continued discomfort, consult your physician.

First Aid for Inhalation: Remove to fresh air. If breathing is difficult, look for primary cause of breathing problem. (X-O is nontoxic). Oxygen may be given, preferably with a physician's advice. If not breathing, give mouth-to-mouth artificial respiration. Get medical attention.

First Aid for Skin Contact: For all foreign materials, wash after exposure.

First Aid for Eye Contact: Immediately flush eyes copiously with water. If irritation persists, call a physician.

Medical conditions aggravated by exposure: No data found. Possible aggravation in chronic dermal and asthmatic conditions. Possible aggravation to chronic allergenics.

Other Acute Toxicity: None Known.

Section 07 - Occupational Control Procedures

Ventilation: Use adequate ventilation where drums or tank wagons are being opened. Local exhaust: None should be needed. Respiratory Protection: In routine operation, none needed with good ventilation. Use NIOSH-approved respirator, if adequate ventilation cannot be provided. Eye Protection: Normal spray application - none needed. During fogging operations at dilution rate 32 to 1 or over - none required. Skin Protection: None required

Section 08 - Precautions during Storage and Use

Store in a warm warehouse. Avoid storing below 32 degrees F or above 120 degrees F. Keep container sealed.

Spill/Leak, Clean-up procedure: Flush spill area with water (Dispose of liquid waste according to Federal, State, and local regulations).

Other Precautions: Avoid deodorizing enclosed environments where flammable/explosive (natural gas, LPG methane, petroleum fuels) toxic and carcinogenic substances are, or could be present. Do not use X-O Products with toxic or dangerous materials, where odor of such materials is the only warning of their presence.
